Education

Sri Sri Ravi Shankar Vidya Mandir

All India Secondary School Examination- Percentage: 73.8

Agartala, India

March 2018- March 2019

Modern School

All India Senior School Certificate Examination - Percentage: 76.6

Agartala, India

March 2020- March 2021

Kalinga Institute of Industrial Technology

Bachelor of Technology (B.Tech) in Computer Science and Engineering - CGPA: 8.14

Bhubaneswar, India

June 2021- June 2025

Skills

- **Programming Languages:** C/C++, Java, Python, SQL
- **Backend:** NodeJS
- **Frontend:** React with vite
- **Databases:** MongoDB

Projects

KIIT GPT— [Github](#)

Developed KiiT GPT using Python, featuring faculty details, 360-degree campus view, admission forms, etc. October 2023

- Created a chatbot using **Flask in Python** integrating **MongoDB** for database management.
- Included **faculty details**, **360-degree campus view**, and **admission forms**.
- Improved **navigation** and **interaction** with advanced AI technologies.

Detection of Autism Spectrum Disorder Using Toddlers Dataset [Github](#)

Autism Spectrum Disorder (ASD) is a complex *neurological* disorder that begins early in life.

April 2024

- Utilized **KNN** and **Random Forest** for ASD detection using **Machine Learning** algorithms.
- Leveraged **Kaggle's**, **Toddler Autism Dataset**.
- Cleaned and analyzed **behavioral features** to enhance ASD detection using **KNN** and **Random Forest** algorithms.

Survey of Fog Computing environment and its Simulators [Github](#)

Fog computing is an emerging architecture that bridges the gap between the **cloud** and the Internet of Things. June 2024

- It is a research paper where i have discussed some of the Fog Computing **simulators** like **Cloud sim**, **Cloud Analyst**, **Green Cloud** and many more.
- It acts as an **intermediary layer** between **cloud data centers** and end devices.
- These simulators and research areas are crucial for **advancing** fog computing technology and making it more viable for **real-world applications**.

Certifications

- **WEB DEVELOPMENT** [.LINK](#)
- **ARTIFICIAL INTELLIGENCE** [.LINK](#)
- **HackerRank Problem Solving (BASIC)** [.LINK](#)
- **HackerRank Problem Solving (INTERMEDIATE)** [.LINK](#)
- **GOOGLE DATA ANALYTICS** [.LINK](#)
- **AWS Academy Introduction to Cloud Semester 1** [.LINK](#)

Extra Curricular

- Member of **Kraftovity** (Art and Craft Society of KIIT registered under KSAC).
- Member of **Organizing Committee** in KIIT Fest 7.0.
